Liv for a Cure: a foundation dedicated to finding a cure for Cystic Fibrosis

LIV FOR A CURE

Liv for a Cure a 501(c)(3)01-0735448 not-for-profit organization was founded to help over 30,000 children and young adults in the united States afflicted with Cystic Fibrosis (CF). This foundation is working with the Cystic Fibrosis Center at Children's Memorial Hospital to provide funding for research in the hope of finding a cure and providing a better quality of life while we fight this disease.

It became personal when our daughter, Olivia, was diagnosed with CF in-utero. Olivia started life with a five hour surgery and has endured many hospitalizations and treatments for chronic lung and pancreatic problems. She is only ten years old.

This disease is something we must deal with daily. CF is a disease that affects the whole family, physically and emotionally. Everyday, we as parents, wish that we could take away the pain and transfer it to ourselves. Our dreams for the future are only that Olivia will have the opportunity to chart her own path and have the chance to live her life.

Through the funds we raise we are waging a valiant fight against CF for our Olivia and for other children who suffer from this disease. We are at a critical juncture in CF research. Lawmakers are supporting medical advancements today, more than ever before. With your support, donations, and investments in life, we will win this battle against Cystic Fibrosis.

- Mauro and Lisa Tomassetti
